

All of the food in this restaurant is prepared fresh, in our kitchen every day, by your Cucina Chef and his team. The kitchen is an environment where food allergens are present and these allergens maybe found in the dishes that we serve.

We have highlighted, for guidance, 14 allergenic ingredients that could be present in the dishes and food provided in this restaurant.

If you have a food allergen or food intolerance we ask that you speak to the Cucina Executive Chef based in the Kitchen. Upon request, Chef will be able to confirm the ingredients that are present in all of our dishes/products. Chef will also be able to provide guidance on foods that may/may not be suitable for someone with an allergen.

Please note that allergenic ingredients have been identified for all dishes on our standard 3 week menu cycle. No guidance has been provided on Theme Day Menu dishes, Chef Specials, Soups, Salads, sushi and Sandwich Specials. However, upon request, Chef will be able to provide details and confirmation on allergenic ingredients that maybe present in these dishes.

For pre-packed drinks we ask that the manufacturers label is referred to. Coffee and Fruit Slush ingredients can be provided upon request from the Chef and may vary depending on the variety or mix of ingredients chosen.

Please note that allergenic ingredients highlighted on our menu are done so for guidance purposes only. Should you have a severe food intolerance, or allergy, we ask that you seek further advice from our Chef.

Allergen Guidance & information (The Food Information Regulations 2014)
