Statement of intent

As an inclusive college, the intention is to provide an inspirational and inclusive teaching and learning environment with outstanding Quality First Teaching and learning for all pupils. The ultimate goal of the college is that no child is left behind socially, or academically because of disadvantage. The college strives to remove the barriers of low expectations, raise lifelong aspirations and focus on removing obstacles to learning and achieving excellence. The Pupil Premium strategy aims to address the main difficulties pupils face and through rigorous tracking, careful planning and targeted support and intervention, provide pupils the access and opportunities to enjoy academic success.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Attainment gap between PP and non-PP peers
2	Behaviour- negative incidences

^{*1} Year 7 is not finalised and students are being identified and added each week.

^{*2} Total PP column is the correct number of pupils. The breakdown of eligibility criteria does not necessarily add up to this number as some pupils are eligible for PP for more than one reason, for example, service <u>and</u> FSM current.

^{*3} Important key trend to note- the majority of pupils eligible for PP are FSM current and this is increasing over time.

^{*4} Important key trend to note- the proportion of PP is increasing over time (national trend), however, is below the national average (25.7% FSM only).

3	Behaviour- engagement and motivation
4	Attendance and punctuality
5	Quality First Teaching
6	Extra-curricular activities
7	Learning outside of the classroom
