

YEAR 8 SCIENCE REMOTE LEARNING – TUESDAY 7 SEPTEMBER

Choose from one of the following activities. It should take you approximately one and a half hours. You are not expected to hand anything in, but the work should be completed.

- 1) Watch one of the following Oak Academy lessons to recap some of your work from Year 7. Watch the video, pausing it to do the activities. If you have time you could watch another one.

Animal and plant cells <https://classroom.thenational.academy/summer-learning-support/lessons/comparing-animal-and-plant-cells-6qv38r>

Electrical circuit diagrams <https://classroom.thenational.academy/summer-learning-support/lessons/circuits-65hk6d>

Solids liquids and gases <https://classroom.thenational.academy/summer-learning-support/lessons/solids-liquids-and-gases-74tp8t>

- 2) Draw a poster summarising the work you did in Year 7. Use your exercise book to help. You could draw a detailed poster about one particular topic or a general poster about all the topics you did. You could look at BBC Bite Size to help too <https://www.bbc.co.uk/bitesize/subjects/zng4d2p>
